For Office Use: paid in FACTS _____ cash _____ check _____

Student Parking (from Student/Parent Handbook, p. 49)

Students driving to school are required to park on the school lot and must register their vehicles with the Main Office. Parking spaces in the school parking lot are rented for the school year at the current annual rate as reflected on the parking permit application. Official hangtags must be visible in parked cars at all times.

Students who participate in a carpool arrangement that involves multiple drivers and wish to share a parking space may request additional hangtags for carpool participant-drivers. Each person assigned a hangtag must complete a parking permit application.

Students who park in an incorrect location or spot may receive detention. Vehicles without an approved parking pass/hangtag may be towed at the owner's expense. After multiple parking violations have been issued to the same vehicle or student, all parking privileges may be revoked and/or additional disciplinary action may be taken.

Any student who rents a parking space in the Tolton parking lot who is unexcused tardy* to school for the fifth time during a semester forfeits his/her right to park in the lot; the parking space will be reassigned and no refunds will be given. Students should not expect a warning to let them know they are close to losing a parking spot. Students should come into school when they arrive in the morning; no sitting in cars or loitering near streets or in the lots. The administration has the right to inspect all cars parked on school property at any time without the owner's permission. Students are encouraged to lock their vehicles and not to have anything of significant value inside a vehicle when it is parked at or around the school. Students are permitted to go to their vehicle during the school day only with permission granted at the main office.

The convenience of a guaranteed parking spot is a privilege. Driving carelessly on school property may be cause for immediate loss of parking lot privileges and other disciplinary action. Tolton is not responsible for damages to vehicles on the parking lot and urges students to take appropriate security measures

*If a student arrives after the 7:55 bell, he/she is to go to the office for a tardy slip which must be presented to the teacher for admission to class. Excused tardies to school include only doctor or dentist appointments with appropriate verification or an occasional traffic problem when traffic tie-ups are reported in the media. **All other tardies to school, even with the approval of the parent, will be considered unexcused.** On the third and all subsequent unexcused tardies to school in the same quarter, the violator will be assigned a detention.

I have read the parking privilege policy in the handbook and agree to abide by the policy. I expect that my parking privileges will be revoked for infractions as stated in the policy.
